

Introducing P&A's MyBenefits app, re-imagined and re-designed to meet your needs. Download the app today and start managing your account from anywhere.

Download the App

Go to the App Store or Google Play and search "P&A Group MyBenefits" to get the app.

Register for Alerts

Choose what alerts you want to receive to help you manage your account. Log into the app and under profile register your device to receive account alerts. Opt-into the alerts you want to receive from the list below.

Wake-Up Notifications: get notified prior to your plan year end date to check your available balance and spend remaining funds.

Run-Out Period Reminders: submit claims for eligible expenses incurred during the plan year.

Reimbursements: keep track of your claim reimbursements.

Claim Processing: receive an alert when your claim has entered the processing mode.

Substantiation Requests: get notified when documentation is required to approve your Benefits Card transaction.

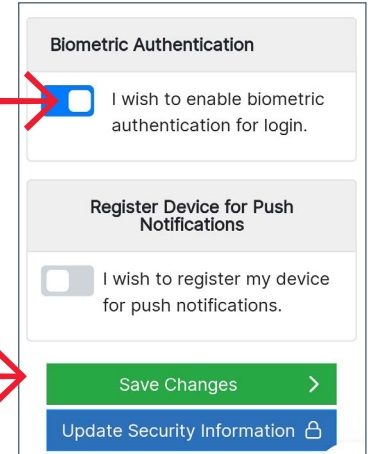

Claim Denials: receive an alert when your claim is either partially or fully denied.

Log in with Biometric Authentication

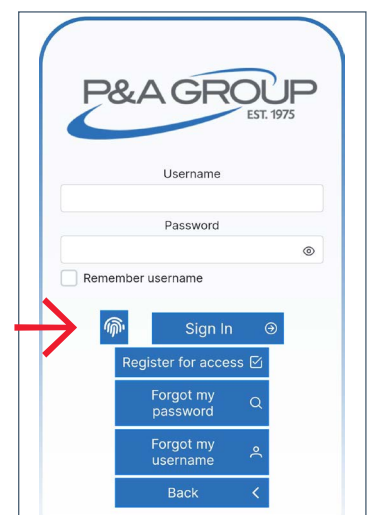

With biometric authentication, you can log into the P&A MyBenefits mobile app with your biometric credentials, such as a fingerprint, facial recognition or passkey instead of entering your username and password. To enable biometric authentication, follow the steps below.

1. Make sure biometric authentication is currently set up on your phone. The process to do this is unique to different mobile devices, and it's typically located under your phone's settings.

2. After biometric authentication is enabled on your phone, update your profile settings in the app. Select biometric authentication and click "Save Changes."

Once you've successfully enabled biometric authentication in the app, it will be displayed on the login screen the next time you log into your account!

P&A Group's mobile app complements your busy life with on-the-go convenient tools.
